Building and maintaining dozens of sites, ranging from simple form -> database sites, to fully CMS driven, multi user shopping cart type sites.

Hype London Web Consultant: - Aug-2006 – Jan 2007

Temp role to finish and create a few sites. Heavy PHP and CSS work.

Recent Projects:

<http://blog.turning-point.co.uk/>

Set up an IIS server, configured PHP etc and set up a custom skin in wordpress.

<http://www.wheredidtherivergo.co.uk/>

Data capture and basic CMS system for LearnDirect

<http://www.timesonline.co.uk/>

Built a nationwide 'competition' for The Times. Mensa supplied questions for a multi choice, timed quiz with daily questions. Leader board function and admin backend.

<http://www.moretvicar.com>

Built a fully functional sales site. Full CMS, Stock management, promo admin, newsletter system. Using PHP/MySQL combo.

<http://www.6degreesfilm.co.uk>

Built a CMS driven site, RSS feed system. Using PHP/MySQL combo.

<http://www.royalmail.com>

Included postoffice.co.uk and parcelforce.com

used a pre-existing CMS to create, edit and alter pages. Also had to build a form -> database system in jsp.

<http://www.risk.sungard.com>

Built and rebuilt a sub site for SunGard. Built a download admin and tracking system for the marketing department. Simple Apache admin.

Personal Information:

Name: Tristan Pretty

Year of birth: 1976

Mobile: +44 7971 32 58 58

E-mail: tris@net-tastic.com

Willing to relocate: Yes

Interests: Motorbiking, technology, travel, TEFL trained,

Personal Statement:

I'm a driven, open minded happy bloke.

Very down to earth, with work and play. I've yet to be given a project that I've had to say 'sorry, can't do that'... and plan to keep it that way. Always got my head in some kind of book, or on my bike. I'm well travelled, and use that experience in my work to bridge the tech'/non tech' gap while maintaining a professional, but fun work ethic. Work best under pressure.

Tristan
